

Soil dosing unit

brandnew

Specifications

Code	20507
Watering boom	Included
Suitable for	Soil blocking soil elevator
Wooler	Included
Soilbunker capacity	1 m³
Length	2700 mm
Width	1450 mm
Height	1950 mm
Output height	1150 mm

20507-V22072701-EN

Power supply	400 V, 3 phases, zero + earth, 50 Hz
Weight	500 kg
Year of manufacturing	New

Humidifier for homogenous mixing of substrate with water. A spraying tube with pressure regulator provides the substrate, which is equally lifted by means of an auger, with a constant amount of water. This treatment guarantees a perfect preparation for the soil blocks.

Hortimat customizing work

Hortimat can design the offered machine to exact the customer requirements. Optionally we constructively adjust the machine or we install new operating systems. We also deliver tailor made solutions in the form of logistic conveyor belt systems and we think along with the customer for custom made solutions.

Why Hortimat

- + Adapting / modifying of used machines to desired specifications of the customer
- + Applying of new 2022 operating systems on used machines
- + New Hortimat range of products
- + Service and warranty by own technical specialists
- + Solid revision; guarantees a long lifetime
- + Individual advice about logistics matters, such as: grading machines, processing areas
